

Agreement for Transfer of Copyrights, etc.

Date: (year/month/day)

Family and Given Name of Author or Representative:

Address (work or private):

Title of manuscript accepted :

After its submission and acceptance for publication in the Journal of the Geological Society of Japan published by the Geological Society of Japan, General Incorporated Association (hereafter the Geological Society of Japan) according to publication rules given in D.4., the author (or authors) of the above-mentioned manuscript agree to the following items.

1. The author shall transfer all the literary property rights of the literary works (including the rights stipulated in Articles 27 and 28 of the Copyright Law) and the rights related to the creation and use of derivative works to the Geological Society of Japan.
2. The author shall not exercise the author's moral rights for literary works (the right to make a work public, the right of attribution, and the right to the integrity of the work) against the Geological Society of Japan, third parties which acquired justifiable rights from the Geological Society of Japan or parties which have obtained the rights from such third parties. In cases limited to appropriate use of the rights, a third party may consider a request from the author (or authors) to exercise their moral rights for literary works.
3. The author shall not have made or make in the future any agreement with a third party that conflicts with the above Article 1.
4. The author shall allow the Geological Society of Japan to exercise exclusively the rights of the literary works for the following in compliance with (1) above.
 - a. Reproduction, translation and adaptations (including publication, electronic publication, publication of translated literary work, use as a database and videogram and all other forms of recording including recording and on media) .
 - b. Exhibitions and presentation of a cinematographic work.
 - c. Broadcasting, cable broadcasting, automatic public transmission and other forms of public transmission (including all transmission media such as ground waves, CATV, broadcasting satellites , communication satellites, the Internet, PC communications and any and all public transmissions by transmission media that may be developed in the future).
 - d. Distribution, transfer and lending.
 - e. All other forms of utilization of literary work (including utilization of literary works that be available in the future due to technological development).
5. Registration of the transfer of copyright of a submitted manuscript agreed to with this copyright transfer agreement form will be carried out by the Geological Society of Japan alone.
